BESLER BOLSTERS ACCREDITATION AND CLINICAL SERVICES

(PRINCETON, NJ, July 9, 2008) BESLER Consulting, a leading financial and operational consultancy to healthcare providers, is expanding the presence of its accreditation and clinical service line with the hiring of John A. Freed as Business Development Director.

With the many new initiatives coming from The Joint Commission, including the 2009 National Patient Safety Goals, we are seeing an uptick of interest in the marketplace for our services, said Mr. Lampman, executive vice president and COO for the firm. With Mr. Freed on board, we are well positioned to quantify the needs among those who are new to BESLER Consulting.

Prior to joining BESLER Consulting, Mr. Freed was associated with the National Healing Corporation that provides wound healing and hyperbaric solutions to acute care hospitals and health systems. Mr. Freed is a member of the American College of Healthcare Executives.

About BESLER Consulting

Founded in 1986 to offer reimbursement services to acute care hospitals, BESLER Consulting today provides consulting expertise in many other areas including coding, revenue cycle management, health information, compliance, accreditation, clinical staffing and interim management in a variety of provider settings.
